

March 27, 1974

people who live in those areas have very little or no control over the mill levies and the capital improvement that are going to be made by the SID's. And I believe that it is time that they had some control, and since we impose some democracy upon the SID's, their political subdivision and the people who reside within them are entitled to the same, or at least equivalent political rights that any other individual at the mercy of any other political subdivision. I move the adoption of the amendment.

PRESIDENT: The question is, do you want to adopt the Cavanaugh amendment to 757. If you do vote aye, if not vote no. This is the motion to adopt the Cavanaugh amendment to 757 on General File. You are voting on the Cavanaugh amendment. Have you all voted? Clerk will record.

CLERK: 29 ayes, 0 nays.

PRESIDENT: Very good. The Cavanaugh amendment is adopted. Are there other amendments to the bill. Senator Dickinson back to you.

SENATOR DICKINSON: I can't hear the Clerk, Sir.

PRESIDENT: We are back to you for your amendment.

SENATOR DICKINSON: Well, the amendment. I'm sorry I don't have a copy of it here, but Vince is this the one that requires the developer of a plot to register...

PRESIDENT: It's on the way. Stand by.

SENATOR DICKINSON: This was requested by the County Officials Association to have or add this to it. It really doesn't pertain to the original bill. It simply requires anyone registering a plat for a newly developed area to register with the County Assessor as well with the Register of Deeds. It saves some cross working amongst county officials. And we have checked with the county officials and they are perfectly willing and that's all there is to this amendment. I move it's adoption.

PRESIDENT: Senator Nore we are discussing only the Dickinson amendment. Senator Nore.

SENATOR NORE: I'd like to ask Senator Dickinson a question, if I can. Will this solve the old town problems in the city of Elkhorn, there basements are getting sewage in the....

SENATOR DICKINSON: Mr. President can we have the gavel please I can't hear back here ...

SENATOR NORE: Will this solve the folks in old part of Elkhorn. Old town it's called.

SENATOR DICKINSON: No, Senator Nore,

SENATOR NORE: They are getting sewage in their basement and there isn't a damn thing they can do about it.

SENATOR DICKINSON: Are you referring to the letter you got. This is not in Elkhorn, this is Sanitary Improvement District out in the country. Hopefully as Senator Cavanaugh explained.
